SPC PRODUCT LINES

An Overview of Johnson's SPC Rigid Core Luxury Vinyl Flooring

Many customers are interested in the hype of worry-free flooring that SPC offers, but what exactly is SPC? SPC flooring stands for Stone Plastic Composite (or Solid Polymer Core), and they are engineered luxury vinyl planks manufactured to resemble natural wood but at a lower price point and less maintenance than hardwood floors. At Johnson Hardwood, our SPC floors are made with the following innovative technologies:

1. Protective wear layer for increased impact and wear resistance
2. Registered embossing (EIR) for a hyper-realistic wood texture
3. Unique printed design for real-looking wood details
4. WaterShield SPC Rigid Core for 100% waterproofing and increased durability
5. Underlayment for shock absorption and sound proofing
6. No glue, easy click installation
7. Phthalate, formaldehyde, and harmful chemical-free certifications

GREEN STORY

Green Guard Gold Certified - Help reduce indoor air pollution and chemical exposure.

Phthalate Free - Chemicals that damage the liver/kidneys/lungs/reproductive system.
